ALLOWANCE

1. Applicants' response received on July 2, 2009 is acknowledged and entered.

Status of the Claims

2. Claims 44, 47-48, and 61-62 are currently pending and under consideration.

Information Disclosure Statement

3. The information disclosure statement (IDS) submitted on July 13, 2009 is being considered by the examiner in part. The citations which have been crossed out failed to provide all required information (e.g. date, page number, etc.).

Reasons for Allowance

The instant claims are allowed for the primary reason that the instant claimed method of obtaining a member of a specific binding pair via producing a library of filamentous bacteriophage particles displaying on the surface a population of Fabs is free of the prior art primarily because surface displaying an Fab on filamentous bacteriophage is free of the prior art. The prior art recognized unpredictability and skepticism in surface displaying peptides on filamentous phage that were longer than 300 amino acids in length or more complex in nature (e.g. secondary and tertiary folds, dimers, etc.).

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
